Dear Sir,

Your large and very important picture attracted unusual attention in Pittsburgh last year. The many painters who visited the exhibition were especially enthusiastic about it.

We want one or two of your splendid works this year without fail. Will you not plan now to send them? The formal letter and booklet with blank form will reach you in the course of about ten days from the receipt of this letter. Pray, do not disappoint us. If you cannot send two works, at least send one important canvas.

I am, very sincerely,

(...)
